LEADERSHIP
& ACTIVITIES

Core Member – IEEE Executive Committee (Content Co-Lead) | 2026–27

- Directed content strategy for technical fests and workshops
- Facilitated communication between committee and students

Joint Secretary – Biomedical Engineering Society of India | 2026–27

- Organized large-scale technical fest
- Coordinated with healthcare professionals and industry experts

PROJECTS

ESP32-Based Quantitative Physiotherapy Progress Tracker (In Progress)

- Developing a system to track physiotherapy progress using sensors and ESP32
- Measuring joint movement and range of motion using sensor data
- Processing and analyzing real-time data for rehabilitation monitoring
- Designing interface to visualize progress and performance trends

ESP32-Based Rehabilitation Exercise Monitoring Device (In Progress)

- Developing a device to monitor physiotherapy exercises using ESP32 and sensors

EDUCATION

APJ Abdul Kalam Technological University

BtechAPJ Abdul Kalam Technological University
Adi Shankara Institute of Engineering and Technology
Electronics and Biomedical Engineering
CGPA: 8.93

Higher Secondary Education|HSE

GHSS, Edathala
Percentage:99.08

High School | SSLC

Hail Mary E.M.R.H.S.S, Perumpilly
Percentage:99

CERTIFICATES

Digital 101 (30 Hours) – NASSCOM
Master in Agile HR – Udemy

SKILLS

Technical Skills:

Circuit Design & Simulation | Microcontrollers & Embedded Systems | PCB Design
Programming: C, Python, 8051 Assembly

Biomedical Skills:

Biomedical Instrumentation | Medical Imaging Basics
Biosensors | Diagnostic Tools

Other Skills:

Technical Documentation | Event Management
Team Leadership | Public Speaking
